

# PORTABLE STORAGE RENT-READY PROCESS

1

## Initial Inspection by the Driver:

Conducts on-site unit inspection, sweeps container, and takes photos of unit and site.

2

## Categorization of Containers:

Cleaning only or light repairs (1 – 2 hrs).

Refurbishment needed (> 2 hrs).

A green unit is dropped in the Rent Ready area.

3

## Final Inspection at the Inventory Center:

Following repairs and cleaning, units inspected and verified as rent ready.
